**FACE COVERINGS for all students:**

Images on coverings should follow the district dress code.

According to CDC the following:

● Cloth Coverings:

- fit snugly but comfortably against the side of the face;
- completely cover the nose and mouth;
- secured with ties or ear loops or be pullover; (tie behind more difficult for students to manage in this age group)
- includes multiple layers of fabric;
- allows for breathing without restriction;
- can be laundered/hand washed and machine/air dried without damage or change to shape.

● Face Shields:

- Not a CDC preferred substitute for cloth covering.
- Best for persons with breathing difficulties (severe asthma) or some disabilities.
- Best protection when worn with a mask.
- Should extend below the chin and wrap around the face.
